Two-week Silence Period Begins for Fraternities; Half of Rushees Pledge

Montana State University's men's social fraternities have clamped on a two-week silence period after an initial rushing period in which 97 pledges made their preference bids.

The Inter-Fraternity council said the 97 new members represent less than half the number of men signed up for the formal rush. Last year's figures showed a total of 141 pledges out of 260 rushees.

Although the official size of the freshmen men's class won't be known until October 2, an increase is expected over the 441 enrolled last autumn.

Of the 97, Alpha Tau Omega pledged 2, Phi Delta Theta 20, Phi Sigma Kappa 7, Sigma Alpha Epsilon 22, Sigma Chi 14, Sigma Nu 21, Sigma Phi Epsilon 6, and Theta Chi 5.

The pledges, listed by fraternity, include:

Same Story Now As 20 Years Ago

A note in the Tuesday issue of the Daily Missoulian recalls that it was just 20 years ago that construction on a "new student union" was underway, and now another is being built.

"In The Past" column, which takes news from Missoulian files, carried the note which said "steel work on the new student union building on the Montana State University campus is progressing well, according to J. B. Flynn, contractor."

A road which at that time circled the union and the library was closed during the construction. The new union and food center now being built on University avenue is probably in about the same stage as was its 20-year-old predecessor when the story first appeared.

Organizations Sell Fox Theater Cards

Student courtesy cards for use at the Fox theater are being sold at the Student Union cove store the rest of this week and next week by the Spur, Bear Paw, Kappa Tau, and Traditions board organizations. Tickets cost \$1 each and entitle the student to a 15 cent reduction in price for each movie they attend throughout the year.

Cards are good from October 1 this year to October 1 next year. Faculty members and their wives are eligible for student courtesy cards as long as they have activity cards from the University. Holder must have the ticket with him to show at the box window at the theater in order to have a price reduction. Adult price is 80 cents, reduced price for college students with the card is 65 cents.

Fifty cents out of each dollar collected for courtesy cards is divided among the four organizations selling them. After next week courtesy cards may be purchased at the Fox theater, but entire proceeds will then go to the theater.

Wilma and Rialto theater student courtesy cards are available at those theaters and run from August 1 to August 1.

Homecoming Will Have 'New Look' in Events

A "new look" will prevail in several events scheduled for MSU Homecoming, Oct. 15 and 16, according to the Homecoming committee chairman, William F. Campbell of Missoula, ex-'42.

A new feature of the two-day celebration will be a "coffee and conversation" get-together at 8:30 p.m. Friday night in the new Food Service Center. University officials have said one floor of the Center will be completed at that time.

Also at 8:30 p.m. the popular Pre-game Warmup for alumni will

begin at the Elks Temple downtown. Both events will continue through the evening.

Reunion Dinners

The "new look" will be in effect in several respects when the reunion dinners for the Golden and Silver Anniversary classes are held

Friday evening at 6:30 p.m. Both will be in the Faculty Center. The Golden Anniversary affair is being arranged for all alumni who attended the university during President Craig's administration, from the opening of the University in 1895 through the class of 1911.

A new setting for the Alumni-Faculty luncheon at 11:30 a.m. Saturday will be provided in the upper lobby of the Field House.

Saturday evening the "new look" will occur in a three-event package (Continued on page 8)

HAMMOND ARCADE

Frosh—Take Heed**College Is A Busy Game**

We of the Kaimin staff extend a belated welcome to old and new MSU students.

With the hullabaloo of rushing, orientation, and registration in the past, students can settle down to a year of study and recreation.

Study**Is****Important**

The first of these two activities (study) is the one that should be prevalent on each student's agenda. Freshmen, as well as upperclassmen, should realize by now that things are different at college than they were in high school days. You're on your own. You're paying for a college education and the instructors are hired to see that each class is worth your time and money. Like practically every student, you won't have enough time for everything, but the main thing is to keep plugging. Before you know it you'll have a college degree and you'll never regret having spent time and money for it.

Recreation College recreation started in full swing last week.**Takes**

Dances, parties, and picnics are only a few of the entertainment activities on campus and elsewhere in Missoula.

Back Seat

You won't have to look for a way to amuse yourself. You may have to control your tendency to put fun before work.

For a rewarding year at MSU make your initial step on the right foot—then just keep in pace.—B. N.

Trumpet Player Has Accident, Starts Name Band

The Dick Jurgens band which appears in the Field House on Oct. 7 was formed because of an accident.

Bandleader Jurgens was a trumpet player in a band until he injured his lip in an auto accident. Rather than take an enforced layoff he returned to conducting and has been a band leader ever since.

Jurgens is also a song writer, having written such songs as "Elmer's Tune" and "Careless." The dance will be held Oct. 7 from 8 to 12 p.m.

Popular Movie Opens Film Series

"Another Part of the Forest," starring Frederick March, Florence Eldridge, and Ann Blyth is scheduled for showing tonight at 7:30 in the Student Union auditorium. This film, brought to MSU by the Outside Entertainment committee, is the first of a series to be presented every week during the school year.

Russ Pfohl, chairman of the Outside Entertainment committee, states that this will be an International Film Festival year, and many of the following showings will be prize winning films of Europe. Films such as "Day of Wrath" (Denmark), "Orpheus" (France), and "The Stone Flower" (Russia), as well as top British pictures will be seen in the future.

The admission price will remain the same—25c per student. If the program is successful, the committee will be able to offer free admission soon.

As added attractions, many of the great short subjects of all time are to be shown this year. Technicolor films dealing with artists, music, movies and sports have been chosen to compliment each main feature. Tonight's short will be "March of the Movies," a March of Time specialty.

Temporary Frosh Leaders Elected

Temporary officers for the class of 1958 were elected last Wednesday as freshmen passed the half-way mark of orientation week. These officers will be replaced or perhaps re-elected later in the quarter—a practice which is followed each year.

Don Chaney, president of ASMSU, said 340 freshmen cast their votes to elect Larry Nitz, Red Lodge, president; Dick Riddle, Libby, vice-president; and Ruth Parker, Great Falls, secretary-treasurer.

Chaney also said Central Board expected to set a date for the election of permanent officers at the meeting Thursday afternoon. The ASMSU president urged freshmen who have not yet picked up M-books to do so at the main desk in S. U. office.

Carillon Plaques To Be Installed In Hall Entrance

Arrival of the bronze plaques for M.S.U.'s 47-bell carillon has been announced by the President's office. They will be installed as soon as possible, according to Miss Folsom, research assistant and secretary to the President.

The carillon was dedicated Oct. 18, 1953, and is donated by individuals and organizations through the M.S.U. Endowment fund. Each of the bells bear an inscription of its dedication. The plaques, identifying the donor and to whom each bell is dedicated, will be hung on the walls of the entrance to Main hall where the sides of the tower enclose the steps to the main entrance.

In addition to a plaque for each of the 47 bells, there is a general

plaque, a memorial plaque, and one for each of the two claviers. Some of the individual plaques include those bells presented to the University by the Alumni association, the faculty bell, and the Mann gulch bell presented by the forestry school.

Jurgen's Band Slated Oct. 7

Field House personnel begin laying the floor Monday for the Dick Jurgens dance on Oct. 7.

The basketball court will be used as a base for part of the dance floor with additional area added to make the floor 112 by 89½ feet. The basketball floor itself will not be used for dancing because it is not strong enough. The dance floor will be laid over it. Another reason for constructing the floor in this manner is the speed and ease with which it can be changed for different events in the Field House.

Robert Breen, Field House director, said that as far as he knew the Field House dance floor is the largest portable one in the world.

Grizzlies Trounce Ft. Lewis As Veteran Backs Sparkle

Montana State University Grizzlies opened the 1954 season, Sept 18, with a rousing, 31-7, victory over a big rugged Ft. Lewis army team, composed of former outstanding university and junior college talent.

The Silvertips rolled up 434 yards, which places them 11th in the nation in total offense. The Grizzly rushing yardage of 279 yards gives Montana the nation's 14th spot in rushing offense.

Five touchdowns came on drives of 60, 84, 67, 67, and 69 yards and in each drive the Tricolors took only six plays to go the distance. Halfbacks Dick Imer, Murdo Campbell, Dale Shupe, and Billy Gue ground out yardage in big chunks while quarterback Dick Heath opened up the defenses and passed the soldiers dizzy with his rifle tosses.

Co-Captain Campbell scored twice in the first three times he carried the ball. His second TD came on a 40-yard dash down the sidelines, behind good downfield blocking.

Imer, chosen by scouts and sportswriters as the outstanding back on the field, piled up 90 yards in 10 trips with the ball and

WRA 'Gym Jam' Set for Tonight

The "Gym Jam," or annual fall rally of the Women's Recreational association, will be held at 8 p.m. tonight in the Women's center, announces WRA president Nan Hubbard. All women students at MSU are invited and urged to attend this party. During the evening there will be social games, refreshments, entertainment, and an explanation and preview of the intramural program for the coming year.

"Collegiate Capers" will be the theme of this year's Gym Jam, and jeans and slacks are the recommended dress.

All new students are especially urged to attend, and it is suggested that sorority members come with their new pledges and take this opportunity to meet one another and learn about the competition season ahead.

Two Top Prospects Lost to Silvertips

Where are Pat Monno and Bobby Powell?

Football fans have been asking about the absence of these two "most promising" Cub athletes since varsity practice started.

Monno has transferred to Fresno State college where he is taking pre-dentistry. Bob "Lefty" Byrne, freshman coach, termed his transfer a big loss as "he was one of our better players last season."

As for Powell, the Missoula sophomore just decided to quit football. Coaches ventured no explanation for his dropping the sport and said that it was doubtful whether he would report for basketball practice this winter.

Rhoades Blasts Homer To Give Giants 5-2 Win

The New York Giants won the first game of the 1954 World Series from the Cleveland Indians, 5-2, in 10 innings.

With one out in the last of the tenth inning Dusty Rhoades, the Giants' miraculous pinch-hitter, slammed a three-run, pinch home run over the right field wall of the Polo Grounds off loser Bob Lemon.

The Giants made five runs on nine hits, committed three errors, and left nine men on base. The Cleveland Indians had two runs on seven hits, had no errors, and stranded 13 on the basepaths.

Marv Grissom, who relieved in the eighth, was the winning pitcher.

Managers Meet Today To Set I-M Schedule

Schedules for intramural football and bowling competition will be arranged at a meeting of the intramural sports managers today at 4 p.m. in George Cross' office.

Cross, director of intramural athletics, said that there is a possibility of scheduling volleyball games for fall quarter in the men's gymnasium can be obtained.

Bowling competition will begin October 9 at the Liberty bowling alleys, with matches scheduled to begin at 1 p.m. during the season.

Cross also asks that anyone interested in officiating touchball games sign up in his office as soon as possible.

What's wrong with this picture?

You probably have a snapshot like it in your own photograph album.

It happens when you get too close to your subject, and the camera can't handle the perspective.

In another sense, you can get an equally distorted picture of the modern corporation. For viewed too close-up, it frequently looks bigger than it is.

Take Union Oil. In 1910—when we did but a \$12,000,000 volume—we seemed much smaller. Yet at the time this was 23% of the total petroleum business in the western states.

In 1953 we looked much bigger because we did a whopping \$325,000,000 volume. But this was only 13% of the petroleum business in the West.

Certainly we've grown. We've had to grow to serve a bigger market, to meet increased competition and to satisfy more consumer needs. But in proportion to the total business, we aren't as big as we were 44 years ago.

Seen in perspective, the picture is clear: the Union Oil Company, like so many so-called "big" companies, is really getting smaller all the time!

Cub Grid Prospects Bright; Meet WMCOE in Opener

Prospects are bright for the Grizzly Cubs, freshman coach Bob "Lefty" Byrne said today after nearly a week of scrimmages.

A near record number of freshmen began extensive workouts Tuesday in preparation for their first contest against the

Western Montana College of Education Bulldogs at Dillon Saturday night. Byrne will take 26 of the 68 candidates and is now confronted with the task of selecting the traveling team.

"We have more material and a better club than last year," Byrne said. Twelve of the would-be Grizzlies saw action in the East-West Shrine football classic in Great Falls this summer. Several others were top gridders in Illinois, California, Ohio, New York, New Jersey, South Dakota, Idaho, Michigan, Wisconsin, Washington and Colorado.

Of the 68 frosh trying for Cub positions, only 37 are Montanans.

Youngster Discovers Proof That MSU Campus Is Really Dead Spot

A sharp-eyed grade school pupil with a tenderfoot's knowledge of old bones stumbled on a discovery this summer, substantiating the belief that part of the MSU campus is a century old Indian burial ground.

The youngster, David Browman, is a son of Prof. Ludvig G. Brow-

man, chairman of MSU's zoology department. David and two companions spotted the bones in freshly turned earth near the fieldhouse parking house.

Carlton I. Malouf, assistant professor of anthropology, identified the remains as skeletons of a woman and child. He said a similar discovery was made in 1952 when the fieldhouse was under construction.

Malouf added that the second discovery indicates the burial ground is more extensive than he first thought, and that centuries

ago this area was an important camp site.

He said the skeletons were similarly dressed, and wore ornamen-

tal beads made in Venice, Italy, around 1850, and distributed by Hudson Bay traders over a century ago.
